

## MATHS

Multiplication  
Division  
Perimeter  
Fractions

## RELIGIOUS EDUCATION

We will be following the Croydon RE curriculum (SACREA). Our focus question for the term will be 'What does it mean to be an inspiring leader?'. We will be looking at this question through a number of different religions

## PHYSICAL EDUCATION

**Indoor:** REAL PE (Friday)  
**Outdoor:** Rugby  
(Wednesday)

## SCIENCE:

### **Topic: Scientists & Inventors**

The second half of this term will also see the celebration of British Science Week, which is a ten-day celebration of science, technology, engineering and maths that will take place between 7-16 March. This year's theme is Change and Adapt and we have a plethora of exciting activities planned.

# YEAR 3 SPRING 2

## COMPUTING

In Computing, we will be focusing on writing and using email tools as well as discussing internet safety around this area. We will then move onto branching databases - used to help us identify and classify groups of objects.

## HISTORY

Our topic this term is focused around the question 'What did the Anglo-Saxons, Scots and Vikings leave behind? We will be investigating what happened after the Romans left Britain and who/why the Anglo-Saxons, Scots and Vikings came to Britain and what their impact was on society and religion in this time

## DT

In DT, the children will be investigating, designing, making and evaluating a range of 3D textile products. We will be exploring material qualities and aesthetics with the intention of creating a functional gardening bag.

## ENGLISH

**Writing:** This term, we will be focusing on Journey Tales. We will be focusing on setting descriptions and use our previous writing skills to enhance our story writing.

**Reading:** We will develop the children's vocabulary, inference, prediction, explanation, retrieval, summary skills through Guided Reading sessions.

**Spelling:** The children will have daily spelling lessons to build on phonics skills and learn how to apply these in writing.
