

Modern Foreign Languages

Intent Statement

At St Peter's Primary School, we intend to offer a relevant, broad, vibrant and ambitious foreign languages curriculum that will inspire and excite our pupils using a wide variety of topics and themes. All pupils will be expected to achieve their full potential by encouraging high expectations and excellent standards in their foreign language learning - the ultimate aim being that pupils will feel willing and able to continue studying languages beyond Key Stage 2.

The four key language learning skills; listening, speaking, reading and writing will be taught and all necessary grammar will be covered in an age-appropriate way across the primary phase. This will enable pupils to use and apply their learning in a variety of contexts, laying down solid foundations for future language learning and also helping the children improve overall attainment in other subject areas.

Implementation

All classes will use the Language Angels scheme of work and resources. This will progressively develop pupils' skills in foreign languages through regularly taught and well-planned weekly lessons.

Children will progressively acquire, use and apply a growing bank of vocabulary, language skills and grammatical knowledge organised around age-appropriate topics and themes - building blocks of language into more complex, fluent and authentic language.

The planning of different levels of challenge (as demonstrated in the various Language Angels Teaching Type categories) and which units to teach at each stage of the academic year will be addressed dynamically and will be reviewed in detail annually as units are updated and added to the scheme. Lessons offering appropriate levels of challenge and stretch will be taught at all times to ensure pupils learn effectively, continuously building their knowledge of and enthusiasm for the language(s) they are learning.

Language Angels are categorised by 'Teaching Type' to make it easier for teachers to choose units that will offer the appropriate level of challenge and stretch for the classes they are teaching.

Impact

Impact is measured via the following methods:

- Pupil discussions and interviewing the pupils about their learning (pupil voice).
- Annual reporting and tracking of standards across the curriculum.
- Photo and video evidence of the pupils' practical learning.
- Use of the assessment tools provided within the Language Angels scheme.

As a result of routine, high-quality teaching through the implementation of the Language Angels scheme, teaching confidence will improve and teachers will know what to teach and how to teach it in each lesson, across whole units and across each scholastic term.

Pupils will continuously build on their previous knowledge as they progress in their foreign language learning journey through the primary phase. Previous language will be recycled, revised, recalled and consolidated, enabling pupils to become more conversant and vocal with their language in class and out.
