7 February 2019

Dear Parents

Reading skills are hugely important in your child’s development and is a key focus for us. Please can you read with your child every day at home and record it in the reading record book. It may be just one or two pages and discussion about the story. It may be that you go over the sounds together and try blending them to read words. Daily reading is expected throughout the school.

Please read the animals words at home regularly. The words marked with a * are tricky words and should not be sounded out. Just learnt by sight.

Outside the classrooms and in class are a range of storybooks for the children to take home and share. Please take the time to pick a book to take home and share with your child. Return when finished and change for another.

Many thanks

The Early Years Team
