Dear Parents / Carers

To support us in ensuring your child's safety while using technology at school we would like you to read through and discuss the enclosed "ICT Acceptable Use Agreement" with your child. Your child (or yourself in the case of EYFS/KS1 children) should then sign the agreement. Throughout the year in class, we will discuss and learn about the themes covered by the agreement as part of the children's E-safety education. We would also encourage you to talk to them about these themes at home to help develop their understanding and appreciation of the importance of using technology safely and appropriately.

We have also attached a parent agreement for you to read and sign. Please return this, along with your child's agreement, to the school office.

If you have any questions or concerns please talk to your class teacher or a member of the senior leadership team.

A copy of our E-Safety/Acceptable Use/Use of Digital Images policy can be found on our website.
